  - ▶ **Conditional Eligibility** – Undergraduate students can request a Conditional Eligibility letter without going through the transcript evaluation process. This letter is not a guarantee of admission to SDSU. Processing time is approximately two weeks. To apply for Conditional Eligibility, students must submit the online application and a \$50 nonrefundable conditional eligibility application fee at [ali.sdsu.edu/apply](http://ali.sdsu.edu/apply).
- Note:** Conditional Admission and Conditional Eligibility through the ALI are not available for SDSU master's degrees, students seeking a second bachelor's degree, or transfer students.
- ▶ **Testing and Placement** – The ALI conducts placement tests when students arrive. These tests help determine the best level of ALI courses for each student. Students applying for Semester at SDSU programs require test scores before arrival. Please note that the ability to transfer from one ALI program to another is not guaranteed and will be considered on a space-available basis.
  - ▶ **Health Insurance** – The California State University (CSU) system requires all F-1 and J-1 students to have major medical insurance coverage during their stay in the United States. To ensure ALI students meet this requirement, Aetna insurance is provided. For more information on coverage policies and requirements, please visit [ali.sdsu.edu/healthinsurance](http://ali.sdsu.edu/healthinsurance).
